Hi Connor,

I know we were going to discuss creation of a new site for Blades groundwater at the PAS meeting today...and that meeting is cancelled. Do you have (and maybe I already have) a proposal for what the 'new' site would include/exclude?

If so please send to me and I'll try to get Sr management buy-in rather than waiting 2-weeks. Please include a sentence on what the state thinks about Blades groundwater.

Thanks
Steve
